YOUNG STRAWBERRY .....	580
WILD EYES 8TH .....	622

\* LADY CHANDOS, bred by Mr. Wiley, Brandsby, near York, calved in October, 1842; got by Buckingham (3239), d. (Mayoress) by Carcase (3285), &c., see Vol. v., part 2nd, p. 642. This animal won the First Prize at the Yorkshire Society's Meeting held at Leeds, in 1849, as the best fat cow; also the First Prize with the Gold Medal as the best beast of any breed exhibited in the cow or heifer classes, at the Smithfield Club Cattle Show, December, 1849.

## NOTICE.

THE very favourable manner the alterations in the Eighth Volume of the Herd Book were received by the Subscribers, has induced the Editor to carry them out still further in the present one ; the value of which may be estimated, when it is considered, that it contains nearly twice as many Pedigrees as were given in the early Volumes ; although a great proportion of those at the present day extend much further in their descent.

This Volume may at least vie with any of its predecessors, containing as it does a very choice and valuable collection of the Pedigrees of Short-horned Cattle, which are justly considered the pride of our country, the breed of which, promises more and more to become the national one.

In confirmation of the correctness of this opinion, it may be observed, by reference to the Breeders' Index, that this description of Cattle is now to be found in almost every county of England, and is rapidly extending over Scotland and Ireland, as well as in our colonies and many other parts of the globe.
